## **Statement of commitment to child safety**

Ocean Grove Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

## **Roles and responsibilities**

### **School leadership team**

Our school leadership team is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

- facilitate regular professional learning for staff and volunteers (where appropriate) to build deeper understandings of child safety, cultural safety, student wellbeing and prevention of responding to abuse
- create an environment where child safety complaints and concerns are readily raised, and no one is discouraged from reporting an allegation of child abuse to relevant authorities.

### **School staff and volunteers**

### **Specific staff child safety responsibilities**

Our school has also established a Child Safety and Wellbeing Team and a Student Reference Group on child safety. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The Student Reference Group provides an opportunity for students to provide input into school strategies.

## **Child Safety Code of Conduct**

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

## **Managing risks to child safety and wellbeing**

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

## **Establishing a culturally safe environment**

At Ocean Grove Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

### **Build a strong school culture to support cultural inclusion**

- Begin events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item. Use this as an opportunity to pause and reflect or open a discussion.
- Fly the Aboriginal and Torres Strait Islander flags on school grounds.
- Display plaques and signs to Acknowledge Country and Traditional Owners.

- Make Aboriginal voice part of decision making in matters that affect Aboriginal students. Be open to different ways of doing and expressing things.
- Celebrate the local Aboriginal community in communications with students, staff, volunteers and families. Share information through school newsletters, school assemblies, parent information nights.
- Lead on safety and inclusion for all Aboriginal students and their families. Learn more about Aboriginal histories and cultures, both locally and across Australia. Speak with respect and confidence about Aboriginal culture, knowledge systems and people.
- Build school wide knowledge of Aboriginal histories, cultures, perspectives, values, skills and attitudes.

### **Provide a welcoming environment for Aboriginal children**

- Acknowledge and draw on the existing knowledge of Aboriginal students and their families.
- Ask for feedback from Aboriginal students and their families about what the school does well, and what can be improved.
- Implement the [Koorie Education Policy](#) to create a learning environment for all students that acknowledges, respects and values Aboriginal cultures and identities (Government schools).
- Use [Koorie Engagement Support Officers](#) (KESOs) to provide advice to government schools about creating culturally inclusive learning environments.
- Use the [Marrung Aboriginal Education Plan 2016–2026](#) to guide the school's support for Aboriginal self-determination.

### **Actively address racism**

- Express zero tolerance of racism in your statement of commitment to child safety included in your Child Safety and Wellbeing Policy and other documents.
- Address racism from students, staff, volunteers or visitors directly. Make sure racist speech or actions are always dealt with, and the culture of the school works to prevent incidents from occurring.
- Put school leaders at the front of anti-racist action. Discuss racism and work to address unconscious bias and racism in the school community.
- Encourage non-Aboriginal school leaders and teachers to commit to ways they can work as an effective ally to Aboriginal students, their families and communities.

### **Guide and train staff and volunteers**

- Train staff and volunteers to understand the importance of Aboriginal culture to the wellbeing and safety of Aboriginal students.
- Work with the local Aboriginal community to build staff, volunteer and student knowledge and respect for Aboriginal culture and to promote cultural inclusion.
- Arrange [Community Understanding Safety Training \(CUST\)](#) or equivalent for staff.

### **Build knowledge of Aboriginal culture in school planning and curriculum**

- Find out about the Traditional Owners of the land/s where the school is situated at the [Map of Indigenous Australia](#) and learn about the importance of [acknowledging Traditional Owners](#).
- Include Aboriginal history and culture in professional learning for staff and volunteers and in curriculum planning for students.
- Develop a resource bank of digital, hardcopy print and other artefacts that support the inclusion of Aboriginal content across the curriculum.

### **Partner with Aboriginal communities**

- Support local Aboriginal businesses through school procurement.

- Engage with local Aboriginal communities via Traditional Owner groups, corporations or the Registered Aboriginal Party to review cultural safety in school environment, systems and processes.
- Engage with the Local Aboriginal Education Consultative Group (LAECG) and/or the Victorian Aboriginal Education Association Incorporated (VAEAI).

### **Review and assess how the school supports cultural inclusion**

- Use the Victorian Aboriginal Child Care Agency [cultural safety continuum reflective tool](#) to make a tailored learning and development plan focused on staff cultural competence learning needs.
- Develop and implement an Aboriginal and Torres Strait Islander Reconciliation Action Plan

## **Student empowerment**

To support child safety and wellbeing at Ocean Grove Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging, implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our school values.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at school reception.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

## **Family engagement**

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Ocean Grove Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

### **Create a welcoming environment**

- Our administration team are the initial contacts for new enrolments and their details are in induction materials or school transition packs.
- Provide new enrolments with family welcome packs. Families are encouraged to visit the school website for information about child safety, the school's complaints processes and how to raise concerns.
- Conduct school open days or host community events, such as a school fete or fair, to welcome families and the broader community.

- Create a welcoming environment at school reception so community members and families feel respected, included and safe to come onto school grounds.

### **Engage families and communities in building a child safe organisation**

- Ask parents and carers about their children. This can be in formal settings like parent/teacher interviews, or during chance meetings at pick-up and drop-off.
- Provide parents and carers with information about children's rights via newsletters, or parent information sessions.
- Regularly engage with parents, carers and students and discuss the needs of students through parent/teacher interviews.
- Discuss how your school approaches child safety topics at parents, carers and friends' association meetings. Seek community views where appropriate to do so. Make sure you have processes in place to manage disclosures if they arise.

### **Provide regular opportunities to communicate**

- Provide frequent opportunities for parents and carers to engage with staff to discuss their children's experiences at school.
- Organise interpreters and translations to engage families from non-English speaking backgrounds in conversations about the school's child safety strategies.
- Ask families and carers about their preferred methods of communication, including email, social media, meetings and workshops and use their responses to inform your communications approach.
- Incorporate child safety questions in parent and carer surveys to measure awareness and confidence in the school's child safety approach and to support ongoing improvement.
- Remind the school community about the shared roles of parents, carers and school staff in creating a positive environment for learning by promoting the [Respectful Behaviours in the School Community Policy](#).
- Consider hosting community workshops on child safety and wellbeing topics, for example, respectful relationships or online safety. Provide families with take-home information to help them to talk to their children about safety and wellbeing at home.
- Communicate with and appropriately involve families at all stages of the process if a concern is raised or complaint is made.
- Make newsletters and communications inclusive. Normalise a diversity of family profiles and reflect the characteristics of your school community.
- Select meeting venues that are physically accessible, welcoming and culturally safe.
- Encourage volunteer positions from families from diverse backgrounds, including people with a disability, Aboriginal people, and those from culturally and linguistically diverse backgrounds.

### **Provide inclusive and accessible information**

- Display the [PROTECT poster \(PDF, 203KB\)](#) in shared areas that are accessible to parents and the community.
- Make sure child safety information is easy to read – consider font size, font style, colours used, formatting and visual presentation.
- Provide links to the school's child safety policies in the school's social media posts, newsletters and staff circulars.
- Check that the students, school staff, and members of the school community know who to contact if they have a concern about child safety. Keep this information up to date and accessible, and review it regularly.
- Use images and other accessibility aids to help child safety information be understood by families that have low literacy or vision.
- Translate child safety information into multiple languages to reflect your school community.

### **Build family and community involvement in child safety into business as usual**

- Make child safety a standing item at school governing authority meetings.
- Report on the outcomes of relevant reviews to staff and volunteers, community and families and students to show transparency and accountability.
- Encourage families and carers to advocate for their children and champion their safety while at school and in other activities such as sports, tutoring, music and language classes.
- Promote the whole school approach to Respectful Relationships and [Resilience Rights and Respectful Relationships education](#) to families.
- Acknowledge the important role that families and communities play in monitoring children's safety and wellbeing and helping children to disclose concerns.
- Communicate with and appropriately involve families at all stages of the process if a concern or complaint is raised.

## Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+.

Our Student Wellbeing and Engagement Policy provides more information about the measures we have in place to support diversity and equity.

  - proof of the person's identity and any professional or other qualifications
  - the person's history of working with children
  - references that address suitability for the job and working with children.

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

## Complaints and reporting processes

Ocean Grove Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our Student Wellbeing and Engagement Policy and Bullying Prevention Policy cover complaints and concerns relating to student physical violence or other harmful behaviours.
